Deep Groove Ball Bearings Tapered Roller Bearings European Production

Available in Individual Box

Made in EU

**Reliable
Endurance**

**Produced by
Koyo Romania**

Koyo Romania S.A. has started bearing production as a state-owned company with Koyo Seiko know-how since 1971. In 1998, Koyo Seiko bought the majority of the company shares, and Koyo Romania S.A. was established. Since then, Koyo Romania S.A. is operating in accordance with Koyo/JTEKT way, and assuring its quality at same level as Japan. The manufacturing facility in Alexandria/Romania is one of JTEKT's most

modern and advanced manufacturing plants. In line with JTEKT/Koyo global quality standards, all manufacturing and quality control processes are fully automated and equipped with machinery for producing the latest generation of bearings.

(Certified ISO/TS 16949 & ISO 14001:2004. Main products: DGBB, TRB)
